

Project Theohumanity Event Policies and Procedures

- You must register for all events. Do not assume that you can just show up.
- Registration for any Clusterhood Weekend day needs to be made at least 5 days before day 1.
- If you cancel within 5 days before **any Project Theohumanity event** you must pay the full cost (barring reasonable / unforeseen situations).
- Payments are to be made by **check only** made out to Project Theohumanity.
- Post-dated checks are not accepted.
- All audio and video recording is prohibited during events.
- For events with deposits, you **must** get your check sent in **before** the deadline. Allow enough mail time so your check can arrive by the deadline.
- **If for whatever reason you need an exception to one of these guidelines you must communicate that to the coordinator of the event as soon as you know.**

The above guidelines are for events offered by Project Theohumanity. Some events offered by facilitators are not directly affiliated with the Project. These outside events may have different requirements and guidelines that get sent out by email once you register.
